

# 3-D Thursdays!

**"Three-Dimensional" NASA Series for Rural K-12 Educators**

● Educator Opportunities

● Networking

● NGSS Connections

## First Thursday of Each Month

### Upcoming: Jan. 6<sup>th</sup> at 7:00 pm Central Time

With hosts Rachael Arens, Associate Researcher at NASA/NAU PLANETS & Michael Guarraia, Albert Einstein Distinguished Educator Fellow at NASA

***Are your students looking for opportunities to become NASA scientists? Join us as we learn about the STEM Enhancement in Earth Science (SEES) Summer Intern Program that engages student interns to view and investigate NASA remote sensing data, mission design, analysis of ice sheets, Earth's gravity field, and other observations while being mentored by project scientists.***

## Special Guest

**Margaret Baguio**

**NASA's Texas Space Grant Consortium**

Margaret Baguio is the Program Manager for Education and Outreach at the University of Texas and NASA's Texas Space Grant Consortium in Austin, Texas. She has worked over thirty years in youth development and education. During that time, Margaret has worked in the public schools, at the Texas Cooperative Extension Service 4-H & Youth Development Program, managed a USDA Science and Literacy project for at-risk youth, and promoted space education to students, teachers, and the general public with curriculum, professional development, internships, science nights, and career exploration.

Margaret has been recognized for her outstanding leadership and contributions to education. She was the national recipient of the Alan B. Shepard Technology in Education Award in 2016 as well as the Million Women Mentors Texas Award in 2020.
